

Cover Letter – IT Support Technician

Dear Hiring Manager,

I am writing to express my interest in the IT Support Technician position at your organization. With a strong foundation in Information Technology, and hands-on experience in software development, multimedia design, and system support, I am confident in my ability to contribute effectively to your team.

My experience includes working as a Project Manager Intern at Initium Venture Solution, where I honed my project coordination and leadership skills; as an Oracle Projects Intern at Net Campus; and as a Software Developer Intern at the Department of Home Affairs, where I contributed to developing and maintaining software solutions that improved operational efficiency. I have developed several applications using technologies such as React, Google Colab, and Python, including GradJobApplication, ResumeBuilder, and SentimentAnalyzerApp.

I hold a National Diploma in Information Technology (Multimedia) from Tshwane University of Technology, and a National Certificate in Systems Development from MICTSETA. I am skilled in web and app development, database management, networking, and multimedia design. My passion lies in leveraging technology to create meaningful and innovative solutions.

I am eager to bring my enthusiasm, technical expertise, and commitment to continuous learning to your organization. I am confident that my blend of creative and technical abilities makes me a strong fit for the IT Support Technician role.

Thank you for considering my application. I would welcome the opportunity to discuss how my skills and experience align with your team's goals.

Sincerely,

Treasure Khumalo
